Why did you nominate for the SNH Committee of Governance?

I am already a committee member and have thoroughly enjoyed this role, believing there is still much work to be done, particularly as we move towards a new phase of leadership (manager) and hopefully beyond Covid.

What areas, groups or special interests will you represent while on the Committee?

I am particularly interested in a number of areas, interest groups including: communication, improving IT, enhancing and broadening the House's role within the community – particularly with youth, CALD and Aboriginal families.

I have a keen interest in all things Green and would love to be involved in the CoG's role in improving the House's policy in this regard. I am also very interested in how we maintain traditions - ensuring everything people love about the House, the culture, is maintained and encouraged how do we capture other voices, interest groups eg older people, single parent families, older men, - and lots to get involved in.

What do you wish to achieve during your tenure and as an active member of Committee?

I wish to achieve a greater sense of community for myself, SNH and for the CoG, the House. I would love to be able to walk around the community and for the general public to 'know' there is SNH. I still think there is a general lack of knowledge and understanding about Sussex NH.

I would hope my tenure achieves an implementation of systems and mechanisms which extend to safety, security and stability of the staff, community and CoG regarding risk management, IT and communication, ensuring there is an updated computer and software package to meet the needs of above; train the trainer...etc
